

# VZ TECHNO MAT

## Reinforcement for liquid waterproofing

### NATURE OF THE PRODUCT

Reinforcement for liquid waterproofing. Special polyester fibre sheet.

- non-allergenic
- rot-proof
- weatherproof
- excellent adaptability to all types of surface

### FIELDS OF USE

VZ TECHNO MAT is a useful aid as a reinforcement for liquid waterproofing. Thanks to its flexibility and stability, it adapts excellently to whatever surface is being treated, while for extreme permeability it forms a single unit with the waterproofing liquid. Its versatility and low thickness make VZ TECHNO MAT an effective means of treating existing flooring, where changes in height, especially thresholds, are extremely restrictive. On old flooring, often in the absence of a waterproofing layer, the new flooring is laid directly without taking up the old flooring, if the heights allow, as described below.

### LAYING INSTRUCTIONS

1. Apply one layer (around 2/3 of the liquid to be used) of the waterproofing chosen to the surface.
2. Spread out VZ TECHNO MAT and sink it in until it disappears with the help of a roller;
3. Apply the second coat of waterproofing liquid.

### TECHNICAL DATA SHEET

VZ TECHNO MAT			U.M
Weight	ISO 9073 - 1	70	g/m <sup>2</sup>
Thickness	ISO 9073 - 1	0.65	mm
Ultimate tensile strength	EN 12311 - 1	L	N/5 cm
		T	
Ultimate elongation	EN 12311 - 1	L	%

### SAFETY RULES

#### PRECAUTIONS

For information on the safety rules, the user must read the most recent Safety Sheet, written in compliance with the applicable regulatory standards, which contains the physical and toxicological data as well as other information on using the product.

#### ECOLOGY

Do not dispose of the product and/or empty containers in the environment. See the most recent Safety Sheet for more information on disposal.

*The technical data sheet is written based on our best technical and applicational knowledge, and is purely an indication. However, as we cannot know the actual conditions in the work site or supervise the work, the indications are therefore of a general nature and are in no way binding upon VALLI ZABBAN. The information does not absolve the purchaser of the responsibility to test out products personally with regard to their suitability for the intended use.*

*The customer must also check that this technical data sheet is valid for the product batch in question and is not obsolete having been superseded by a later edition. If in any doubt, contact our technical office before using the product. VALLI ZABBAN reserves the right to make technical modifications of any kind without giving any prior notice.*

*This revision cancels and replaces any other previous version.*
