**Description** 

## **Gummival 10PL Super** 20

| , , , , , , , , , , , , , , , , , , , | This product is designed base layer or single layer in for both new roofing works and refurbishment works. This product is also approved for foundation waterproofing works and road and rail bridges.  |
|---------------------------------------|---|
| CE                                    | Single layer or base layer for roofing systems according with EN13707 for flat roofs. Layer for foundation waterproofing works according with EN13969. Layer for concrete bridge deck according with EN 14695.  |
| Field of use                          | Technical roofs under heavy protection, roofs accessible to pedestrian (as single layer). Exposed non accessible roofs, exposed technical roofs (as base layer in 2-layer system). Layer on foundation waterproofing works. Layer on bridge concrete deck works |

High performance APP modified bitumen membrane .

Composition Top Surface: Fine sand

Back Surface: Film

Reinforcement: Polyester reinforced with fiber glass

CE marking - FPC certificate number 1370-CPR-0042.

Method of application

Certifications

**Agreements** 

and

Fully torch applied

| Dimension and packaging | Gummival 10<br>Super 25 | 4PL  | 5PL  |
